

SHOWER WASTE D90

TOURBILLON

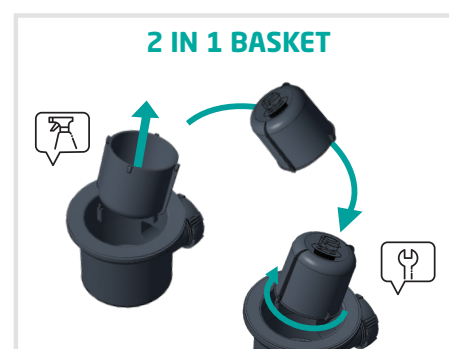

TOURBILLON is a shower waste designed to equip the Ø90 shower trays. Compliant with the EN274 standard and certified NF, it is a reliable and efficient shower waste.

TOURBILLON is available with different configurations under different finishes.

FEATURES & BENEFITS :

- Confident installation : covering washer to prevent risks of leaks.
- Installation in all shower trays D90 : a big range of clamping : 0 to 29 mm.
- Easy installation thanks to its integrated screwing tool.
- Easy to clean thanks to its removable basket from above.
