TILEABLE SHOWER DRAIN

VENISIO COMPACT

THE MOST COMPACT TILEABLE SHOWER DRAIN.

NO SMELLS.

EASY TO CLEAN.

With **VENISIO COMPACT**, it is easy to take on a new bathroom renovation project. Create a designer walk-in shower in the tightest of spaces.

Thanks to its smart membrane technology, **VENISIO COMPACT** is extra-flat with only 40 mm drain, guaranteed odourless and easy to clean.

Easy and safe, this new tileable shower drain is orientable to suite the angle of waste pipe, its ABS plastic flange offers easier and better sealing between the waste and slab, and with its high flow rate it's a pleasure to take a shower without water build up.

VENISIO COMPACT

BENEFITS

ULTRA COMPACT

VENISIO COMPACT is an extra-flat tileable drain.

NO SMELLS

The silicone membrane replaces the water trap and blocks the rise of odours.

EASY CLEANING

The silicone membrane is removable and accessible from above. The hair filter is removable for easy cleaning.

NO LEAKS

The ABS flange offers easier and better sealing between the waste and slab.

EASY AND SAFE INSTALLATION

Ø40 outlet, screw fit or solvent weld, orientable to suit angle of waste pipe. Check our instruction file.

HIGH FLOW RATE

Up to 30L/min under 20 mm of water.

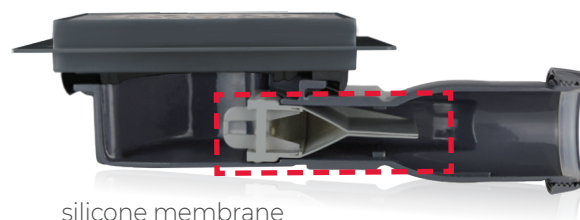

DESIGN

Brushed stainless steel grid, height adjustable with an optional additional 6mm spacer if required (not included).

Bathroom renovation and installation of a new design walk-in shower in the tightest of spaces, use VENISIO COMPACT, **the most compact tileable shower drain, no smells and easy to clean !**

Innovation

THE SILICONE MEMBRANE REPLACES THE WATER TRAP.

It opens with the flow of water and then closes when the water has passed :

- > blocks the rise of odours.
- > prevents noise in the waste pipe.
- > allows natural ventilation with no risks of de-siphoning.

TIPS

VENISIO COMPACT is suitable for tiles up to **10 mm**. For additional height, an optional additional 6mm spacer is required (not included).

Use only anti-slip tiles adapted for walk-in-shower for your own safety.

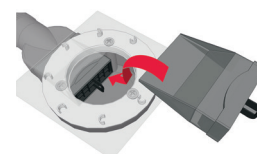

Wirquin spacer ref. 30722815.

CARE AND CLEANING

Frequently clean the membrane and hair filter to keep your waste draining at optimal performance!

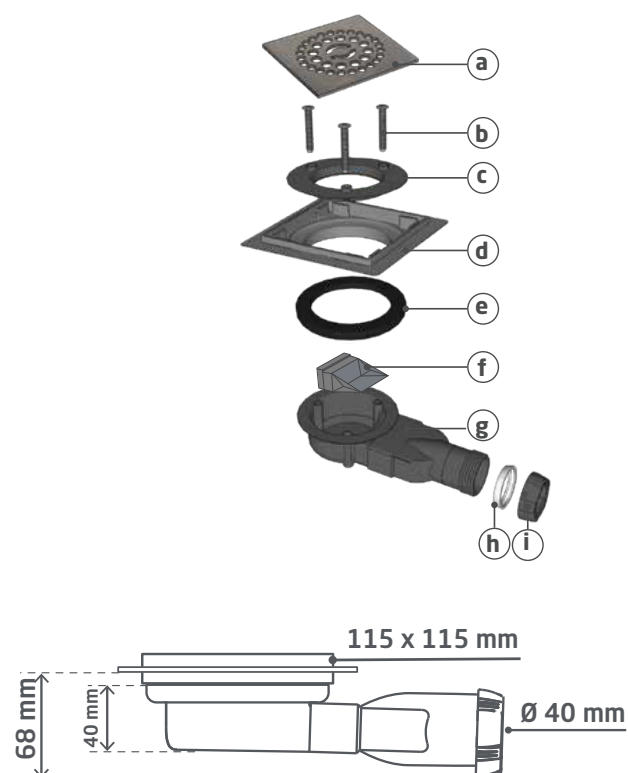

To protect your shower, do not use cleaning products that contain sulfuric acid or harsh chemicals.

Silicone membrane and hair filter are removable

CHARACTERISTICS

- | | |
|----------|---|
| a | Square grid design
Brushed stainless steel
115 x 115 mm |
