

Photos are not contractuals.

Easy and quick installation of the pan thanks to the adjustable flushpipe and extendable pan connector.

Avoid measuring and cutting to save time.

291137_A - 07/2025

UNIVERSAL The COMPACT+ universal WC frame is compatible with every configuration. This self-supporting solution allows for installation with all types of wall material and its narrow width allows for fitting into the tightest spaces.

HIGH QUALITY The frame is durable and strong with a metallic, anti-corrosion coated structure. It can support up to 400kg load. 10 years guarantee.

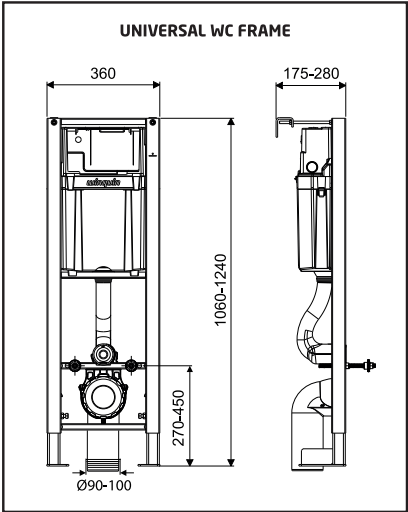

TIME SAVING Designed with smart innovation in mind, it saves installation time with an integrated braking system as well as an adjustable flushpipe and extendable pan connector that avoid the need to measure/cut.

WATER SAVING The COMPACT+ WC frame has a pre-assembled cistern with pre-set 3/6L flush valve and a quiet and quick filling delayed action inlet valve, isolation valve and flexible hose.

INCLUDED: Frame structure, pre-assembled cistern (†WRAS approved dual flush valve, *WRAS/†Kiwa Reg4 inlet valve, *WRAS approved isolation valve, *WRAS approved flexible hose), WC pan connectors, flushpipe, fixing kit, push plate support, first fix covers and installation leaflet.*

Compatibility

<div>WALL →</div> <div>↓ FLOOR</div>	BREEZE BLOCK	BRICK	PLASTERBOARD	WOOD
CONCRETE	✓	✓	✓	✓
WOOD	✓	✓	✗	✗
